WORK EXPERIENCE

Domino's Pizza – Oshawa, ON | Company Job September 2022 – Present
- Ensure on-time deliveries while maintaining a strong focus on **customer satisfaction** and service.
- Communicate effectively with customers, **address concerns**, and provide information on promotions and deals.
- Assist store team with food prep, inventory stocking, and cleaning during opening and closing shifts.
- Support team operations by answering phones, taking orders, and resolving product-related issues promptly.
- Collaborate with coworkers and management to maintain **efficiency** and a positive workplace environment.

PROJECTS

Personal Web Portfolio | Personal Project February 2025
- Designed and built a fully responsive portfolio website using **React.js**, **Tailwind CSS**, and **Vite**, deployed on **Netlify**.
- Created interactive sections (Home, About, Portfolio, Contact) to present technical skills, and project work.
- Integrated a functional **contact form** with input validation to enable direct visitor messaging.
- Enhanced visual appeal and interactivity using **Material UI**, **Bootstrap**, and **SweetAlert2** for styled components.
- Focused on clean **component-based architecture** and performance optimization to ensure a smooth user experience.

Mini Twitter Clone with Weather Integration | Personal Project/School March 2025
- Built a social media web with account setup and tweeting features using **PHP** and **MySQL** for backend, data storage.
- Combine the **Weather Stack API** to display live weather updates based on user location alongside their feed.
- Created a custom **API endpoint** to retrieve user-specific posts and implemented **AJAX** for real-time content updates.
- Utilized **PHP sessions** for secure user login management and styled the UI using clean, responsive **CSS design**.
